

# Community Champions

Communities In Schools of Clark County brings caring adults into schools to address students' unmet needs; providing academic interventions, mental health resources, and after-school programming.

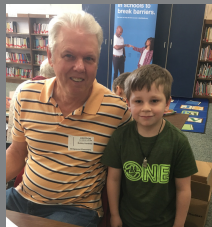

## How can I help?

You can help by becoming a Community Champion!

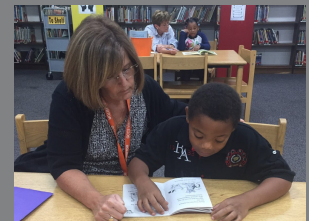

Your annual donation of **\$500 for 5 years** helps us plan on sustainable giving, which helps us continue to provide resources and support at-risk students.

- **Academic Resources:**  
In-School tutoring and reading mentors
- **Mental Health Resources:**  
In-school therapists for students in need
- **Basic Needs Resources:**  
Bare necessities for students living at or below the poverty line

**Outcome:** Teachers are free to teach, and students-many at-risk of becoming high school drop-outs- have the opportunity to focus on learning.

## Become a Community Champion today!

Contact Julie Moorman, Executive Director
